Live Projects: travomint.com | careerera.com | travoloes.com | trekhops.com | india.blsattestation.com

PROFESSIONAL SUMMARY

Senior Front-End / UI Developer with **11+ years of experience** engineering high-performance, web-accessible (WCAG-compliant), and scalable web applications using **React.js, Next.js, TypeScript, and Redux Toolkit**. Proven track record in translating complex Figma/XD/PSD designs into pixel-perfect interfaces, boosting Core Web Vitals, and reducing JavaScript bundle sizes by up to 30%. Adept at state management architecture, REST API integration, code reviews, and leading Agile teams across Education, Travel, E-Commerce, EdTech, and Government-approved platforms.

CORE TECHNICAL SKILLS

- **Frontend Frameworks & Core:** React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Redux Toolkit, Context API
- **Styling & Design Systems:** Tailwind CSS, SASS/SCSS, Material UI (MUI), Styled-Components, CSS Modules, BEM Architecture
- **Performance & Accessibility:** Core Web Vitals Optimization, Code Splitting, Lazy Loading, Virtualization, WCAG 2.1 Compliance, Cross-Browser Compatibility
- **Workflow & AI-Assisted Tools:** Git, Webpack, Vite, npm, Jira, REST APIs Integration, Cursor, GitHub Copilot, ChatGPT, Gemini, Claude

PROFESSIONAL EXPERIENCE

I2A Technologies Private Limited – Gurugram, India | **Sr. UI Developer** | *May 2022 – Present*

- Architected modular, reusable React components leveraging Custom Hooks, Redux Toolkit, and Context API to manage complex global state across high-traffic travel platforms.
- Mentored and led 2 junior UI developers, overseeing code reviews, sprint task allocation, and enforcing coding standards across projects.
- Integrated RESTful APIs asynchronously to stream real-time booking data, improving UI responsiveness and dynamic data processing.
- Refactored legacy markup into scalable React patterns, reducing UI defect rework by 35% and improving overall codebase maintainability.
- Implemented performance strategies (code splitting, virtualization, lazy loading), boosting Lighthouse performance scores from 65 to 92 and cutting average page load times by 40%.
- Enforced WCAG 2.1 accessibility standards and cross-browser consistency across mobile and desktop releases in two-week Agile sprints.

SynapseIndia Outsourcing Private Limited – Noida, India | **Sr. UI Developer** | *Nov 2021 – May 2022*

- Engineered pixel-perfect, mobile-first web interfaces from Figma comps for global client applications using React.js, TypeScript, SASS, and Tailwind CSS.
- Accelerated UI change-request turnaround times by establishing atomic reusable style modules and utility-first CSS strategies.
- Diagnosed and resolved complex Safari layout rendering bugs, reaching 100% device matrix parity and eliminating client-reported rendering defects.
- Mentored 3 junior developers on modern React paradigms, performance best practices, and effective debugging techniques.

SNVA Ventures Private Limited – Noida, India | **Sr. UI Developer** | *Feb 2017 – Nov 2021*

- Led a 4-member frontend team, driving effort estimations, technical code reviews, and sprint execution for multi-industry web applications.
- Converted Figma/PSD comps into semantic HTML5/SASS markup and integrated virtualization for long data lists, driving higher organic search performance and faster mobile rendering.

- Executed page-speed optimization techniques (CSS sprites, image minification, route lazy loading), reducing overall JS bundle size by 30% and accelerating mobile rendering.
- Streamlined sprint delivery by implementing automated cross-browser testing workflows and accurate project estimations for management billing.

BLS International Services Limited – Delhi, India | *UI Developer* | May 2015 – Jan 2017

- Developed the responsive Front-End for the MEA (Ministry of External Affairs) and UAE Embassy approved attestation portals using HTML5, CSS3, Bootstrap, and jQuery.
- Built accessible, standards-compliant interfaces for high-traffic government document workflows, collaborating with senior developers and managers on requirements and daily task tracking.

EDUCATION

Bachelor of Computer Applications (BCA), First Division

Chhatrapati Shahu Ji Maharaj University, Kanpur | 2010 – 2013
